EXPERIENCE

Compound Technologies, Washington, DC — *CTO*

August 2017 - September 2020

Compound builds software and solutions for the commercial real estate industry.

- Managed fully distributed product team consisting of software engineers, product designers, customer success agents, and salespeople.
- Scaled amenity management product line into flagship offering adopted by 122 companies in the DC metro area, including Apple, American Express, and Ford Motor Company.
- Implemented company-wide security initiative that resulted in zero security incidents over the company's lifetime.

Management Excellence, Midlothian, VA — *Technology Lead*

April 2011 - June 2018

Management Excellence was a one-stop shop for companies trying to improve their business via technology solutions. This company directly evolved into KP Property Advisors.

- Lead development on a diverse portfolio of tech projects ranging from commercial properties, massage chairs, electronic bingo, and beyond.
- Designed numerous system solutions, involving software and hardware interactions.
- Oversaw both local and overseas development teams.

Tesst LLC, Midlothian, VA — *Lead Developer*

April 2011 - July 2017

Tesst LLC's Upvate product line makes elevator safety data actionable, preserving human life and saving the elevator owners hundreds of thousands of dollars.

- Developed and maintained scrapers to monitor public record data of the over 1 million buildings in NYC.
- Architected flagship workflow management software to work in conjunction with the public data store.
- Managed team of overseas developers allowing business to hit critical milestones while staying lean.
